## OUR AGENDA

Gather with mental health professionals across disciplines, as one part support group and one part focus group--on the current needs of your clients and trends you are seeing with community mental health overall.

MHA would love to hear your feedback about systemic changes needed, where gaps exist and how we can better support you and the community. For members, MHA will host these events quarterly during our fiscal year, July 2020-June 2021.

**We also plan to include some fun icebreakers and networking to help "fill your cup!"**
